					<ul style="list-style-type: none"> for 20 seconds regularly. Only to attend the centre at the designated time to avoid congestion in public area To arrive in the clothes they intend to use as there are no changing rooms available. 								
COVID-19 spread to employees from members of public including the spread to the public from employees <i>Continued</i> Health, safety and welfare of employees, clients, and the public. Infection control measures.	Employees Public	5	5	25	H	No persons are permitted on site for any activity if they: <ul style="list-style-type: none"> Have been diagnosed with COVID-19 or advised to self-isolate or are at higher risk due to existing medical conditions. If any employee feels unsafe or the person(s) taking part in the activity are not adhering to social distancing guidelines, they are encouraged stop the activity and politely ask the person(s) to leave. In an emergency, employees will dial 999 and ask for the relevant service. Customer numbers are limited by activity/sport. Start and finish times are staggered to minimise the number of people using the facilities. Employees and the public are advised to avoid touching eyes, 	Posters displayed around site advising of 'regular hand washing', 'social distancing' and no entry for those at 'high risk, those that should self-isolate and those who display symptoms etc. Unnecessary displays removed to reduce the need for cleaning / browsing / crowding etc. and allow more space to social distance. Any member of staff that has helped someone who displays any of the known symptoms must self-isolate for a minimum of 14-days.	Duty Managers	Daily	5	1	5	H

Unsafe workplaces after extended shut down periods	Employees Public	3	4	12	H	<p>A workplace inspection has been completed and documented before the facilities reopen to the public. This includes, but is not limited to, safety checks and testing on water supplies, electrical systems, and fire safety systems.</p> <p>Monthly pest control inspections.</p> <p>One-way routes, staggered work times, access and egress etc. discussed and documented with staff.</p> <p>All staff trained on new working methods.</p> <p>A deep clean of all areas and surfaces is completed at the end of each day.</p> <p>Cleaning of common / shared areas is also completed at regular points throughout the day and details recorded and retained.</p>	<p>Fire safety inspection completed</p> <p>Fire equipment check completed</p> <p>Plant equipment, gas and electrical supplies inspected</p> <p>Monthly control inspections</p> <p>Ensure any sanitiser, cleaning facilities etc. are stored in the way as described by the manufacturer.</p> <p>Ensure any substances used on the premise have a site specific and up to date COSHH assessment.</p> <p>SOP's for all scheduled in place</p>	<p>Operations Manager</p> <p>Cleaning Supervisor</p>		5	1	5	M

Guidance Notes

SEVERITY	5	5	10	15	20	25
	4	4	8	12	16	20
	3	3	6	9	12	15
	2	2	4	6	8	10
	1	1	2	3	4	5
		1	2	3	4	5
	LIKELIHOOD					

L = LIKELIHOOD	
5	Almost Certain – Very High Risk
4	Probable – High Risk
3	50/50 – Medium Risk
2	Improbable – Low Risk
1	Almost impossible – Low Risk

S = SEVERITY	
5	Fatality – Very High Risk
4	Severe incapacity – High Risk
3	Absent 3 weeks – Medium Risk
2	Absent less than 1 day – Low Risk
1	Insignificant – Low Risk

S (SEVERITY) Multiplied by (x) L (LIKELIHOOD) = RR (RELATIVE RISK)

1–4 LOW	5–9 MEDIUM	10–15 HIGH	16–25 VERY HIGH
Continue with existing controls. However, monitor for changes. Implement any additional control measures required within the timescales given in the risk assessment.	Requires attention to reduce the rating as well as regular ongoing monitoring. Implement any additional control measures required within the timescales given in the risk assessment.	Requires immediate attention to bring the risk down to an acceptable level. Implement the control measures required within the timescales given in the risk assessment. Continue to review working practices to reduce the probability of an accident to the lowest possible level.	Stop immediately – the risk is too high. Take immediate action to reduce the risk to the lowest level possible.

Additional comments:

1. This risk assessment needs to be discussed with employees to ensure that they are fully aware of all control measures
2. Employees are to sign an acknowledgement sheet for their understanding of this risk assessment
3. The risk assessment is to be reviewed on an ongoing basis as per government guidance
4. This risk assessment must be approved by the nominated person for health and safety before being issued as a live document
